Stay Alert, Stay Alive

Top Five Boating Safety Tips

1. **Wear your life jacket** – And make sure your children wear theirs.
2. **Stay sober** – Booze and boating don't mix. Alcohol is the #1 factor in boating fatalities.
3. **Tell a friend** – Tell someone where you're going and when you will be back. If you're not back, they should call 911. Bring a phone or VHF radio.
4. **Be weather aware** – Don't let a storm sneak up on you – delay your trip or head to shore. Go slow in rough water to avoid capsizing.
5. **Get a clue** – Understand your boat; keep your eyes peeled for danger; stay seated and low in the boat so you don't fall overboard; take a boating safety course.

Life Jacket Requirements

The following are life jacket requirements in Minnesota:

- State law requires children under 10 years old to wear a life jacket while a boat is underway.
- A readily accessible and wearable life jacket is required for each person onboard a boat, this includes canoes, kayaks, stand- up paddleboards and waterfowl boats.
- One Type IV throwable is required on boats 16 feet or longer (except canoes and kayaks) and must be immediately available.
- Personal watercraft operators and passengers must each wear a life jacket.

For your safety, its highly recommend everyone on board wears a life jacket at all times.
