

**Residential Buffer:** Garlock

**Location:** On the east shore of the Little Rock Channel, facing west. It is mostly shady on about half of the buffer.

**Planting Date:** 7/9/2010

Planning the buffer.

Planting day. The homeowner chose to use colored mulch and make a formal border.

A big *thank you!* to all the volunteers who helped.

5 weeks after planting.

These three photos were taken in July of 2012, two years after planting.
