

Residential Buffer: Larson

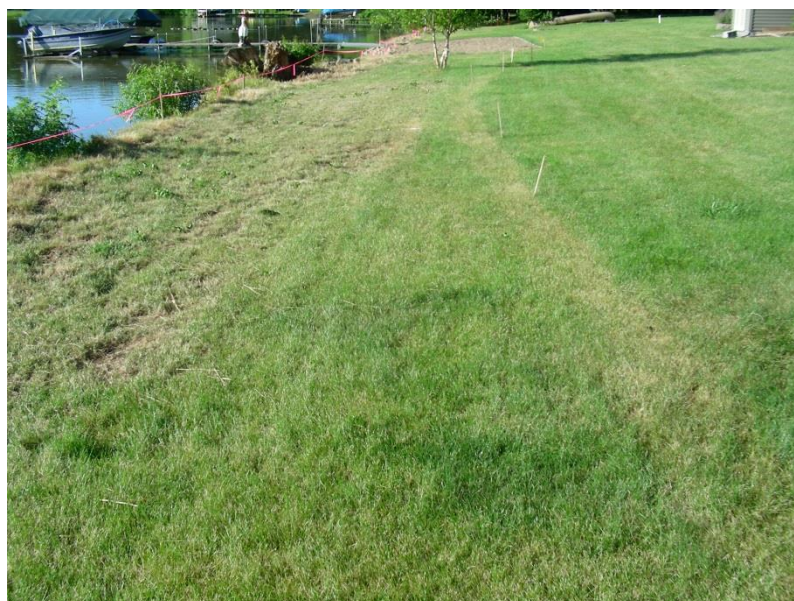

Location: On the west shore of the Little Rock Channel facing east, mostly sunny buffer.

Planting Date: 7/26/2010

Planning the buffer.

10 days before planting.

Planting day, we started early as it was a **hot** July day!

A big **thank you!** to all the volunteers who helped.

These photos were taken three weeks after planting.

These photos were taken in July 2012,
two years after planting.
