

Residential Buffer: Rau

Location: On the east shore of the Little Rock Channel but facing south, mostly sunny with some shade on portions of the buffer.

Planting Date: 6/17/2010

Pre-planting, we planted into the beach sand.

Erosion control blanket on the shoreline.
Wood mulch placed over the sand.

A big ***thank you!*** to all the volunteers who helped. We had a little lunch.

All planted.

Two months after planting, the shoreline aquatic plants are thriving!

These three photos were taken in July 2012, two years after planting. The shoreline sedges are thriving!
